Resolution Approving a Business District Redevelopment Agreement with Frontier Community College Foundation – Frontier College is planning to build a gymnasium for their campus. This would allow the volleyball team to be able to play their games there instead of having to use the Center Street School gym. The college would eventually like to add both men's and women's basketball. The total project cost is around \$4.9 million. The college foundation will be dedicating funds to this project. They have also met with the business district tax committee about a possible redevelopment agreement with the city to help with the project as well. The committee has met and they recommend Council approve an agreement with the Foundation in the amount of \$300,000 to help with this project. Mayor Moore stated this project would be very positive for the City of Fairfield. Alderman Sheryl Eckleberry asked about these funds coming out of the business tax money. Mayor Moore stated the only other option would be to fund this through TIF dollars but feels we could receive some resistance from the other taxing bodies for funding out of TIF. A motion was made by Alderman Reever, seconded by Alderman Stahl to approve the Business District Redevelopment Agreement with the Frontier Community College Foundation in the total amount of 300,000.

There is lots of information on this app and if you have an outage, you can look for updates about the power outages in the area. You can also pay your bill through the app.

Miscellaneous – Mayor Moore reported the resurfacing of Main & Delaware is almost complete and asked everyone to continue to be patient while the workers are finishing up the repairs.

Miscellaneous – Utilities are subject to shutoff if the bills are not paid by the 25<sup>th</sup> of the month. Mayor Moore encouraged customers to contact city hall before shutoff to possibly work out a payment plan. It is more difficult to make payment arrangements after shutoff has taken place.

Miscellaneous – A public meeting has been scheduled for July 8<sup>th</sup> for updates to the reservoir project. The meeting will take place at City Hall.

Miscellaneous – Alderman Dewey Eckleberry asked what has been done about recent dog bite issues that have occurred in the city. Chief Colclasure said citations have been issued to the dog owners. He said impoundment of the dogs would be up to the humane society.

Miscellaneous – Alderman Sheryl Eckleberry has received some complaints about dog owners allowing their animal to use the bathroom on other people's property. Mayor Moore explained that our ordinances state that owners or handlers of dogs or cats who are walking or exercising animals on a leash or restraint are responsible for the clean-up of any feces deposited by the animal on either private or public property, sidewalks, curbs, lawns or streets.

Miscellaneous – Alderman Sheryl Eckleberry said she has had people mention the railroad tracks on SW 6<sup>th</sup> Street are rough and need to be repaired. Mayor Moore told Alderman Eckleberry that those repairs are the responsibility of the railroad company. They are aware of the issues and have plans to make the repairs.
